DESIGNED FOR HOMEOWNERS, ENGINEERED FOR PROFESSIONALS

ShelfTrack EVO evolves ShelfTrack shelving and hardware components to make professional installation a fluid process. Shelving comes pre edge-banded in a wide variety of pre-cut sizes for less cutting on the job site. EVO's re-engineered hang track has more horizontal slots to make securing it to studs quick and easy. And every bracket comes with preloaded screws for seamless builds. Fewer cuts and touches means valuable time saved.

Key Benefits

- Faster, easier installation than classic Shelf Track
- Expanded offering of pre-cut sizes
- Pre-edge banded shelving on three sides
- New hang track with more horizontal slots
- Flexible design configurations
- Easily expanded or customized
- Single and double drawer kits available
- Angled shoe shelf kits
- Meets ADA requirements for adjustable systems

GIVES 'ADJUSTABLE' NEW MEANING

Both efficient and stylish, ShelfTrack EVO's common-sized components allow for system modularity, which means it can be customized or re-configured at every stage of a project. With a wide range of durable melamine shelving sizes and easy-to-adjust hardware, a ShelfTrack EVO organization system can be easily configured, adapted, expanded or moved to meet the customer's needs before, during and after installation.

Key Features

- Cross compatible with existing ShelfTrack*
- Adjustable shelving system
- Variety of shelving sizes
- Combines wire and wood components
- Premium materials and finishes
- Re-engineered hardware components
