

SIGNATURE
KITCHEN SUITE

Step Up to Luxury

True to Food™

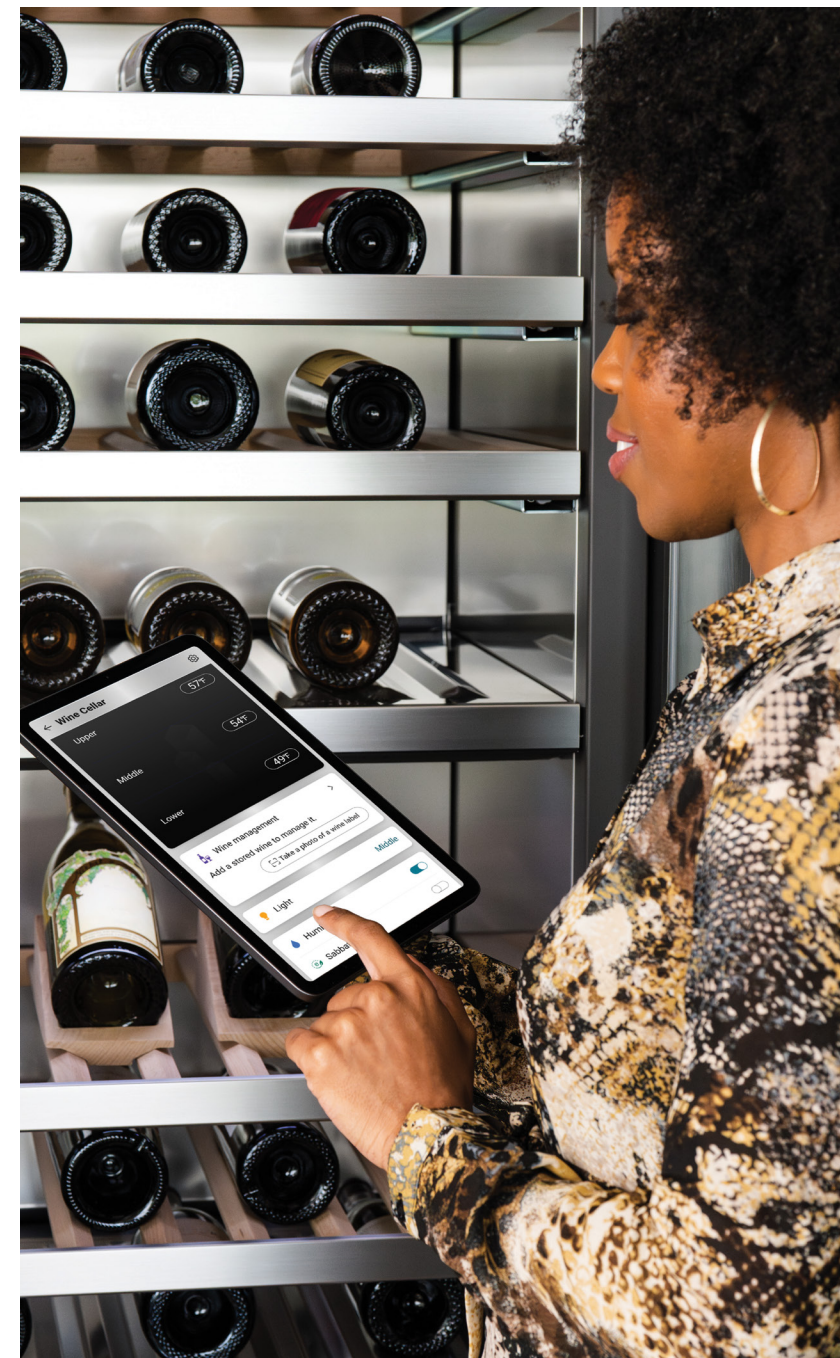

At Signature Kitchen Suite, we're embracing a new generation of forward-thinking cooks who are combining their passion for food with their appreciation for innovation. With everything we create we demonstrate respect for food at every level. **Delivering performance, design and precision**, we honor the ones who are producing it, the ones preparing it, and most of all, the ones lucky enough to be enjoying it. This is how we stay True to Food.

Nothing Connects Us Like the Kitchen

Forward-thinking is a big component of the True to Food philosophy. That's why each of our Wi-Fi-enabled appliances is powered by **LG ThinQ® Technology**. From recipes to features to upgrades, the LG ThinQ App harnesses smart technologies to bring the ultimate in connection, control, and convenience to your kitchen.

Our Passion Pays Off

We're thrilled to say our dedication to performance, precision and design has garnered **numerous awards and accolades**, both nationally and globally. Several products from our portfolio have been recognized by top industry organizations earning distinctions such as an Architectural Digest Great Design Award, Beautiful Kitchen & Baths Most Innovative Products, ProBuilder's Top 100 Products and more. Our appliances have also been awarded by the NKBA, NAHB, Red Dot and countless major publications.

Hungry for Innovation

Refrigeration & Wine Preservation

Precise Preservation – Brilliantly engineered to help you do your part in the battle against food waste, our refrigeration products minimize temperature fluctuations to maintain food freshness.

Extra Large Capacity Columns – We are determined to preserve the integrity of your fresh food. That's why we put so much innovation and engineering into our integrated 30-inch refrigerator and 18-inch freezer columns—both with one of the largest capacities in their class.

Wine Cave Technology™ – It's hard to imagine a more perfect partner for good food than wine. That's why we developed our wine column refrigerators with our exclusive Wine Cave Technology™—it mimics the ideal environment of historic Old World wine caves to protect wine against its four biggest enemies: vibration, light, and variations in temperature and humidity.

Undercounter Convertible Refrigerator / Freezer Drawers – The only built-in undercounter refrigeration unit in its class with dual drawers and Multi-Temp™ Settings. Both drawers offer a selection of six temperature zones: Pantry, Fridge, Bar, Seafood, Meat, or drop the temperature all the way down to make it a freezer.

Optional Refrigeration / Wine Panel Kit Accessories – Choose stainless steel panel / handle kits in two styles:
 Transitional Series: Satin stainless steel finish with sleek and modern transitional handles.
 Professional Series: Stainless steel finish with bold handle design.

Cooking

The Only Built-In Sous Vide – Presenting the industry's only built-in sous vide ranges, delivering the ultimate in cooking precision right to your home. Once your favorite cut has reached its perfect doneness, just finish with a delicious crust on our 23K BTU Ultra-High™ Burner.

Exclusive Smart Knobs – Each cooking method has a dedicated Smart Knob featuring a large, illuminated display which provides information such as heat level, temperature or time remaining. Each burner knob can act as an individual timer.

Innovative LCD Touch Screen – Utilize the large touch screen for easy setting of the specialty cooking features such as Convection Conversion, Meat Probe, Warm, Pizza, Proof, Sabbath Mode and My Recipes.

Steam-Combi™ Convection Oven – Versatile Steam-Combi™ Convection ovens combine steam and convection cooking for gourmet results. The convection system cooks food quickly and evenly while steam helps to preserve texture, appearance and taste.

Refrigeration & Wine Preservation

Signature Kitchen Suite is determined to keep the integrity of your fresh food with every innovation—from the award-winning 48-inch French Door Refrigerator with convertible drawer and dual ice maker with Craft Ice™, to one of the largest capacity 30-inch Integrated Column Refrigerators, to true cave-like environments for your favorite wines.

Dishwashers

With a 1-hour wash and dry cycle, our 24-Inch PowerSteam® Dishwashers let you enjoy more of your evening without cleanup concerns. With QuadWash® Pro High-Pressure Water Jet, it boosts cleaning power by 38%*, reaching dishes from multiple angles and immersing them in over one million microbubbles. Our Dynamic Heat Dry™ technology** ensures thorough drying, even with hard-to-dry plastics. You'll also enjoy triple leak protection and one of the quietest dishwashers on the market at 40 dBA for stainless steel and 44 dBA for panel-ready.

*As compared to our standard QuadWash. **Available in SKSDW2411 series only

Rated One of the Top Appliance Brands

When investing in your dream kitchen, choose appliances that will stand the test of time. Consumer Reports has rated Signature Kitchen Suite as one of the most reliable appliance brands.*

View the Report

Support That's True to You

Our innovative thinking extends beyond our appliances to our service. We offer one of the industry's best warranties—a comprehensive 3-year coverage for all parts and labor. Enjoy peace of mind with our exclusive **5-Day Repair Promise, a 2-hour service window**, and well-equipped repair technicians.

An Outstanding Warranty

You'll be backed by one of the best policies in the industry. Our limited 3-year warranty covers all parts and labor.

*Consumer Reports does not endorse products or services. **Currently applicable to regions where service centers are nearby. Available through the length of the product warranty period upon product registration.

The 5-Day Difference

With our 5-Day Repair Promise,** if anything goes wrong, repair service will be initiated with the goal of completing the repair service within 5 days. If your appliance cannot be repaired within 5 days, we will work with you to provide a solution that meets your needs—up to and including replacement or a refund.

A 2-hour Service Window

We know no one likes waiting for repairs, so you can count on a 2-hour service window** with a courtesy alert within 30 minutes of arrival time. Our SKS technicians keep their trucks well-stocked so there's usually no waiting for parts—one appointment and the repair is complete.
